

Course: Science Triple Foundation Physics

Teachers: Mr. Mishra

HOW TO USE THE CGP REVISION BOOKS

Our goal is to review a small section of the specification for each science, each week and complete the **20 minutes CGP revision workbook tasks**.

TO DO THIS YOU MIGHT

1. Review the section for this week in the **Oxford Revise AQA knowledge , retrieval and practice textbooks**.
2. Complete the **EXAM PRACTICE CGP WORKBOOK** pages of questions. Mark these (be strict, do not give yourself the mark unless you truly have the correct answer) – self – mark in green pen, writing in the correct answers.
3. Record your scores in the bottom of the CGP revision guides and the paper tracker your teacher will hand out.
4. Review sections you are still getting wrong – this is a good thing to ask your teacher about at the end of a lesson/ in the morning before school/ sending a message by email or on MTeams.

AQA Physics Triple (Foundation Tier)

Week /date	Topic Name	Textbook Revision Guide Pages	CGP Workbook Pages	Score
21/11/22	Topic 1 – Energy Energy stores and energy transfers	2-4	1-2	
28/11/22	Topic 1 – Energy Kinetic and potential energy stores and energy transfers by heating	14-16	3-4	
5/12/22	Topic 1 – Energy Investigating specific heat capacity and power	60, 36	5-7	
12/12/22	Topic 1 – Energy Reducing unwanted energy transfers and investigating energy transfers	14-16	8-9	
19/12/22 Christmas break Topic 1 – Energy Efficiency and Energy resources and their uses		N/A	10-12	
		26	13-14	
26/12/22 Topic – Energy Wind, solar and geothermal and hydro-electricity, Waves and tides				
2/1/23	Topic 1 – Energy Biofuels and non- renewables and trends in Energy resource use	26	15-16	
9/1/23	Topic 2 – Electricity Current and circuit symbols and resistance and $V= IR$	48-50	17-18	

16/1/23	Topic 2 – Electricity Investigating resistance and I-V characteristics	N/A	19-20	
23/1/23	Topic 2 – Electricity Circuit devices and series circuits	48	22-23	
30/1/23	Topic 2 – Electricity Parallel circuits and investigating circuits	36 & 200-201	24-25	
6/02/23	Topic 2 – Electricity Electricity in the home and power of electrical appliances	N/A	26-27	
13/02/23	Half-term holidays Topic 2- Electricity More on power and national grid	26,200	29-30
